A Dangerous Landslide
by Susan LaBella

1. The article describes an example of a real-life landslide. Where did this landslide happen?
   A. Washington, D.C.
   B. Seattle, Washington
   C. Oso, Washington

2. This article describes some damage that can be caused by landslides. What is one possible effect of a landslide?
   A. the mud on a hillside could dry up
   B. heavy rains could soak the ground
   C. a road or highway could collapse

3. In Oso, a large amount of wet soil and mud broke loose from a tall hill and covered thirty nearby houses. This landslide happened when very heavy rains soaked the ground near Oso. What can you conclude based on this evidence?
   A. Heavy rains may have been a cause of the landslide in Oso.
   B. The houses in Oso covered by the landslide had already been flooded from the rains.
   C. Landslides only ever happen after heavy rains.

4. What kind of town would most likely be in danger of landslides?
   A. a town at the bottom of a muddy hill
   B. a town surrounded by flat, muddy land
   C. a town at the top of a hill

5. What is the main idea of this article?
   A. Landslides are a dangerous kind of emergency that can cause a lot of damage.
   B. Landslides can break water lines, gas lines, or electrical lines.
   C. A landslide in Oso, Washington, covered thirty nearby houses and hurt many people.
6. Read this paragraph from the article.

"One night in March 2014, mud broke loose from a tall hillside near the town of Oso, Washington. The giant mass of wet soil moved downhill quickly. It eventually covered thirty nearby houses with mud and dirt. Many people were hurt."

Why does the author begin the article with this paragraph?

A. to show readers why landslides can be more dangerous than other kinds of emergencies
B. to give readers a real-life example of a landslide and the damage it caused
C. to tell readers not to move to Oso because of the dangers of landslides there

7. Choose the answer that best completes this sentence. Experts say it's important for people to have a plan _______ they can stay safe if a landslide happens.

A. so
B. because
C. but

8. What moves downhill quickly during a landslide?

9. What are three examples from the text of how a landslide can cause serious damage?

10. Experts say that it is good to have a plan for what to do if a landslide happens. If a landslide happened, would driving to another area be a good plan? Why or why not? Use evidence from the text to support your answer.

10. Complex Inferential
This question is a complex inferential question. That means you'll have to make connections between information or evidence in the text on your own. Because it's complex, it may be a little harder than some of the other questions in the question set. But the other questions, and the information you had to focus on to answer those questions, may help you answer this one.
