

Cal and Tramp Camp

Cal said, "Let's camp."

His dog Tramp ran up to him. Cal and Tramp set up camp. They put up a tent in back of Cal's house. Cal and Tramp got in the tent.

Then they heard, "HOOT! HOOT!"

Tramp jumped on Cal's lap.

"That was just an owl," Cal said.

No one slept.

"Let's go back in the house!"

Tramp ran fast!

Name: _____ Date: _____

1. Where do Cal and Tramp set up camp?

A. in back of Cal's house

B. in a forest

2. What kind of animal is Tramp?

A. Owl

B. dog

3. What makes the "HOOT! HOOT!" sound in the story?

A. Cal

B. Owl

4. Where did Cal and Tramp go at the end of the story?

A. back in the house

B. in the tent

5. What did no one do after the owl made sounds?

6. Draw a picture of Tramp jumping on Cal's lap.

7. What did you learn from "Cal and Tramp Camp"?

Name: _____ Date: _____

1. What is a hurricane?

a big storm

a type of candy

2. What kind of weather do hurricanes bring?

sunny and dry

windy and rainy

3. Where do hurricanes form?

over the ocean

in the mountains

4. Where can hurricanes move toward?

space

land

5. Where should you stay during a hurricane?

6. What did you learn from "A Hurricane Is a Big Storm"?

7. Draw a picture that shows a family staying safe during a hurricane.

Frogs Have Special Skin

by ReadWorks

Leon Brooks

Have you ever seen a frog in a pond? You can often spot one there. Most frogs live near water. They need to keep their skin wet.

A frog's skin is special. It makes a slimy coating that helps the frog stay wet. A frog drinks through its skin. It also breathes through its skin. A frog can do that only when its skin is wet.

Frogs also breathe using lungs. What else do frogs use lungs for? Frogs make noise. Ribbit!

Name: _____ Date: _____

1. What do most frogs live near?*trees**water***2. Frogs like to live near water because they need to stay wet. What part of a frog needs to stay wet?***the frog's skin**the frog's feet*

3. What can a frog do through its skin (when it is wet)?

eat and make noise

drink and breathe

4. What do frogs use their lungs for?

breathe and make noise

hop and swim

5. What type of coating does the frog's skin make to help the frog stay wet?

6. What did you learn from "Frogs Have Special Skin"?

7. Draw a picture of a frog in its home.

Bright As the Sun

by ReadWorks

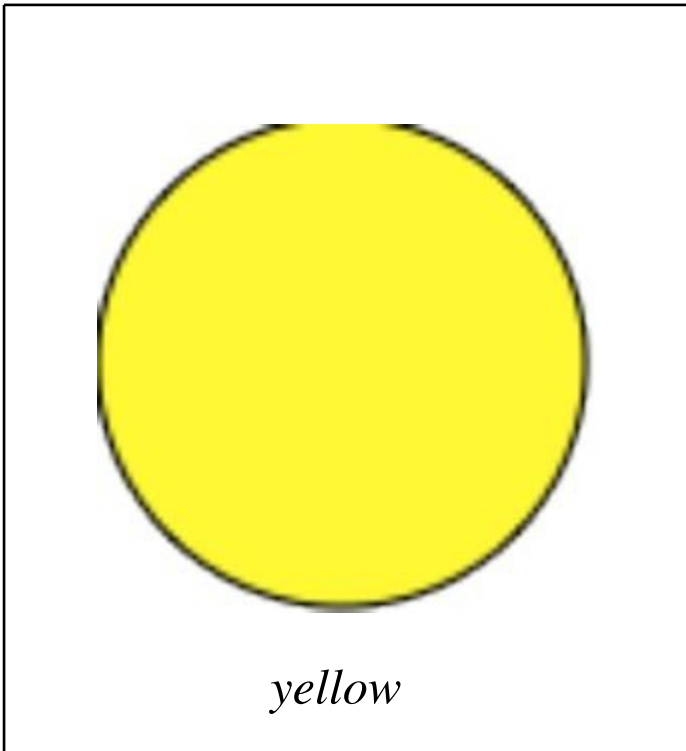

Sunflowers are big, beautiful plants. Many are bright and yellow, just like the sun. Some sunflowers are orange or brown or red. Sunflowers grow in fields. They need sunshine and warmth to grow from seed to flower. And sunflowers need lots of water!

3. What do sunflowers need to grow?

snow

sunshine

4. Where do sunflowers grow?

forests

fields

5. What three things do sunflowers need to grow?

6. What did you learn from "Bright as the Sun"?

7. Draw a picture of at least one thing a sunflower needs to grow.

Callie's Rock Collection

by Kate Paixão

Callie loved the rock room at the museum. At the gift shop, she bought a box of rocks.

She learned the rocks' names. The shiny gray one was galena. The dull red one was hematite. The smelly yellow one was sulfur.

Callie wanted to add to her collection. What could she do? She went to the park. She found some rocks there.

"Searching for rocks outside is a great way to make my collection bigger!" said Callie.

Name: _____ Date: _____

1. Who or what is this story about?

a rock

Callie

2. What does Callie do at the beginning of the story?

She buys a box of rocks.

She looks for rocks at the park.

3. What kind of a collection does Callie have?

a ball collection

a rock collection

4. How can Callie make her rock collection bigger?

*break the rocks that she
has*

search for rocks outside

5. What do we call a group of similar things like Callie's rocks?

A group of similar things is called

6. What did you learn from "Callie's Rock Collection"?

7. Draw Callie's rock collection.

1. What kind of weather is good for recess?

2. What can you do at a park?

3. Where could you go with your family to hike?

the beach

a mountain

4. Where could you go with your family to swim?

the beach

a mountain

5. What is a sport that you can play outside?

One sport that you can play outside is _____.

6. What did you learn from "Enjoying the Outdoors"?

7. Draw a picture of yourself outdoors.

Stay Safe in the Sun

by Rachelle Kreisman

The day is sunny. You go outside to play. Wait! Are you sun-safe? The sun's rays are strong. They can hurt your skin and eyes.

Put on sunscreen first. It should have an SPF of 30 or more. You can find the number on the bottle. Rub the sunscreen all over your skin. Do not forget your ears and feet!

Clothes help block the sun's rays. Try to wear a shirt with long sleeves. Wear a hat and sunglasses, too.

How else can you stay sun-safe? Play in the shade. Shade is an area where the sun's rays are blocked. Find shade under a tree or a beach umbrella.

Name: _____ Date: _____

1. What part of your body can the sun hurt?

your hair

your skin and eyes

2. What can you rub all over your skin to protect yourself from the sun's rays?

sunscreen

perfume

3. What SPF should your sunscreen have?

30 or more

10

4. How can you protect your eyes from the sun?

wear long sleeves

wear a hat and sunglasses

5. What do we call an area where the sun's rays are blocked?

An area where the sun's rays are blocked is called a

6. What did you learn from "Stay Safe in the Sun"?

7. Draw a person following one of the tips from the text to stay safe from the sun.

The Four Seasons

by ReadWorks

Photo Credit: Frank Luetke

Some places have four seasons every year. Do you know their names? The seasons are winter, spring, summer, and autumn.

Winter is the coldest time of the year. Spring comes next. Many animals are born in spring. Many new plants grow then too.

Summer is a time of sunshine and hot weather. In autumn, the weather gets cooler. The leaves fall off trees.

Some people call autumn by another name. They call it fall!

Name: _____ Date: _____
